

Dear Physicians,

Your patient is getting ready to go to summer camp. In an effort to streamline medication administration, and lessen medication errors, their camp has teamed up with PackMyRx to package all medications in convenient and safe multi-dose strip pouches. Pack My Rx works exclusively with Paw Paw Village Pharmacy.

Prescriptions must be sent from the physician by E-Rx, Fax, Mail, or called in to:

PAW PAW VILLAGE PHARMACY
322 E. Michigan Avenue
Paw Paw, MI 49079
Phone: 269-657-6073 **Fax:** 269-655-1643
NPI: 1689601916 **NCPDP:** 2332839 **DEA:** AP1690355

Our pouches are labeled:

8:00 AM; 12:00 PM; 4:00 PM; 8:00 PM

It's IMPORTANT to specify a time of day

If "ONCE DAILY" is written, the child will get their medications in the MORNING (8:00 AM)

If medication is taken at an "off time," please specify the exact time (e.g. 3:00 PM)

Prescription Medications (non-controlled substances)

- Prescriptions must be written for 30 days with 1 refill to cover the entire summer.
- Generics will be dispensed unless brands are requested as "DAW" or "MEDICALLY NECESSARY"
- We do not dispense refrigerated products (including insulin), compounded medications, oral contraceptives, Accutane or specialty medications (i.e., growth hormone).
- Pack My Rx only provides the following gummy medications in individual blister pack cards (all others will need to find a chewable alternative):
 - Natrol Mood and Stress Magnesium Citrate 166 mg
 - Leader Fiber 1.67 g
 - Caltrate Calcium + Vitamin D3 250mg/400 units
 - Natrol Melatonin 1 mg raspberry
 - Natrol Melatonin 5 mg strawberry

Controlled Substance Prescriptions

- Must be sent by either ERx or by mailing the original script(s) directly to Paw Paw Village Pharmacy. ERx's are preferred.

Schedule II Controlled Substance Prescriptions for Camp

- Schedule II controlled substance prescriptions must be submitted to Paw Paw Village Pharmacy 30 to 60 days before your camper's camp start date.
- If your camper is at camp for more than 30 days, **TWO** separate 30 day prescriptions need to be sent.

For example, if your camper starts camp on June 25, 2025, you should have your child's doctor send the prescription(s) in to the pharmacy between April 26, 2025 and May 26, 2025.

Failure to have your child's doctor send the prescription within this timeframe may result in delays in processing camp medications. Thank you for your understanding.

Over-the-Counter Medications and Supplements

- DO NOT REQUIRE A PRESCRIPTION OR SIGNATURE FROM A PHYSICIAN. We will use the information parents list in the registration. Generics will be dispensed unless brands are specifically requested.
- **Special order fee: \$50.00** for any supplements that need to be special ordered that cannot be ordered from our primary wholesaler. One-time fee per child. Examples include: Pure Encapsulations, Nordic Naturals, Thorne, Metagenics, Designs for Health, Douglas Laboratories, Klaire Labs and other similar brands.
